The New Nob Hill Spa Renewing Detox Package: Pure Cleansing Solutions for Your Face, Skin & Body

~Two comprehensive treatments and take-home regime promoting full body spring cleaning debut March 20~

SAN FRANCISCO (February 10, 2010) To help usher in spring, the season of renewal, the Nob Hill Spa is debuting the new Nob Hill Spa Renewing Detox Package on the spring solstice, Saturday, March 20. The Renewing Detox Package will include the Seaweed Leaf Body Ritual (80 minutes), the new Cowry Shell Detox Facial (80 minutes), a healthy spa lunch, a JAMU Ginger Turmeric Drink, and a 15-day supply of GliSODin take-home detox supplements. The package is \$595 and can be scheduled for the same day or within two weeks time. The Seaweed Leaf Body Ritual and Cowry Shell Detox Facial are available as individual treatments outside of the Renewing Detox Package as well.

“The individual components of the package add up to total detoxification for the face, skin and body, using organic products that cleanse and hydrate the skin, especially important after the skin-drying effects of a long, cold winter,” stated Maritsa Victorian, assistant spa director of the Nob Hill Spa. Among other popular spa treatments currently on the Nob Hill Spa’s menu, “We encourage our guests to try the components of the package all together or individually to realize their skin’s purest potential,” Victorian noted.

The components of the Nob Hill Spa Renewing Detox Package include:

Seaweed Leaf Body Ritual (80 minutes): The ultimate treat for detoxification and for tired, dull skin. 100% organic hand-harvested marine algae covers the entire body following a full body scrub, using Bladderwrack seaweed high in vitamins A and C. The body is then wrapped in organic muslin and cocooned in a cozy thermal blanket, while an essential oil scalp and neck massage is performed. This treatment detoxifies, firms and softens the skin, helping fight the signs of aging.

Cowry Shell Detox Facial (80 minutes): Give your skin a fresh start for spring with this facial using cerasome oxygen fluids to energize the skin. This cleansing facial detoxifies with a relaxing lymph drainage cowry shell face massage, followed by a charcoal and algae hydrating lift-off mask. The Cowry Shell Detox Facial is a perfect partner to the Seaweed Leaf Body Ritual as part of the Renewing Detox Package.

Healthy Lunch from our Spa Menu: Seasonal choices include refreshing salads and delicious paninis and wraps.

JAMU Ginger Turmeric Drink: Served following your spa treatments and packed with energy-inducing ingredients, this refreshing 20-calorie drink lightly sweetened with agave features turmeric, known to eliminate free radicals, lower cholesterol and blood sugar levels, and promote overall health and wellness.

15-Day Take-Home Supply of GliSODin Detox Supplements: A 100% vegetable product, GliSODin dietary supplements promote skin hydration and elasticity, help control accelerated aging, protect and reduce UV damage, and cleanse the skin, leaving it clear and glowing. GliSODin detox supplements will be available independently of the Renewing Detox Package for purchase in the Nob Hill Spa boutique as well.

The Nob Hill Spa's Renewing Detox Package provides a head-to-toe healthy approach to detoxification, using organic products and natural elements. Purchased as a package or individually, the treatments are sure to help realize your skin's utmost potential for renewal and health.
